

# TEAM KANSAS RUN WITH THE BEST HERD IN KANSAS

Kansas has established itself as the leader in economic development. As Kansas continues to grow and positions itself as the best state to do business, so does the value of a membership to Team Kansas. By signing up today, you will align your business and your community to have exclusive benefits and connections unlike any other. In addition to unprecedented access to national site selection consultants, the opportunity and admittance to expand your personal and organizational network with key leaders and decision makers at both the State and National level will be unmatched.

Dear Partner,

The Team Kansas Board of Directors is excited to not only offer the opportunity to visit site selectors across the country, but new to 2023, Team Kansas will be providing an international opportunity, as well as multiple events in Kansas. With an increased interest in foreign direct investment and reshoring activities, the Team Kansas Board of Directors wanted to provide the opportunity for members to experience an international market and learn about international economic development prospects. The Kansas events will provide Team Kansas members the opportunity to showcase our historic and record-breaking success and the opportunity to discuss the exciting plans for the years ahead. The events offered for 2023 are unlike any other offered previously in the state.

In 2023, Team Kansas members will continue to bring new jobs, investment, and economic prosperity to Kansas through dynamic partnerships and collaborations with companies, universities, organizations, and the Department of Commerce to deliver a unified approach to economic development. Through these partnerships, Kansas will continue on its surge of economic development success.

DAVID C. TOLAND  
Lieutenant Governor/ Secretary of Commerce

BLAKE SCHRECK  
Team Kansas Board President

The following are Team Kansas member opportunities for joining Commerce staff in hosting site consultants at events in Kansas, across the U.S. and internationally. Team Kansas membership opportunities are as follows:

The 2023 Team Kansas Schedule is outlined on the following page. This year's events reflect a balance of bringing site consultants to Kansas, visiting site consultants in market and providing an opportunity for international business development.

You will notice that not all events have specific dates listed as exact dates are contingent upon availability of the targeted activity and/or event venue. As

dates are confirmed, participants will be notified immediately so that you may plan accordingly. We continue to structure the events so both communities and site consultants maximize their benefit from attending these events.

Based on your Team Kansas participation level, you are eligible to sign up for the corresponding number of events. Please prioritize the top events you are interested in participating in by placing a 1, 2, 3, etc. in the box next to the event. Each event has a limited number of community spots available. We will do our best to accommodate your preferred event, however we need to ensure each event has sufficient community participation. If we do have an opening for an event, Commerce will contact Team Kansas members to determine interest in the open slot for the event.
